DOCKET NO. 88-142-C - ORDER NO. 1999-745
OCTOBER 25, 1999

IN RE: Application of Community Long Distance,) ORDER *dw*
Inc. for a Certificate of Public Convenience) AMENDING
and Necessity and Approval of its Rates and) AUTHORITY
Charges.)

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Community Long Distance, Inc. (Community or the Company) for elimination of any restrictions with respect to intraLATA authority.

Community originally received its authority in Order No. 88-626. That Order specifically gave the Company authority to complete interLATA calls, but prohibited completion of intraLATA calls. Community now notes that this Commission has issued Order No. 93-462, which expressly stated that "intraLATA competition will be opened to all IXC's certificated in South Carolina, including resellers." Community also notes that Congress has expressed a policy in favor of equal access and has indicated that it does not serve the public interest to place restrictions on the carriage of intraLATA traffic by long distance companies. Community therefore asks that we lift any restrictions with respect to intraLATA authority with regard to it, and that we amend its Certificate to allow full intraLATA and interLATA authority, to the extent the Company does not already have it.
